

## 2014 Model Comparison

### Arctic Cat Advantage

### **Arctic Cat® ATVs & ROVs continue to outpace the competition in price/value**

Here is our product information guide to be used for the 2014 model year. This guide helps compare MSRP and key product features of Arctic Cat ATVs/ROVs versus the competition. It acts as a quick reference for sales associates on some of the data customers are asking about on the showroom floor. It will help sales associates be successful in helping customers understand why an Arctic Cat product is the right choice in exceeding their expectations.

Competitors' information found on their respective Internet websites and was accurate at time of printing.

All specifications are subject to change.

## Arctic Cat 90

Arctic Cat 90/DVX 90

90 available in Red,  
DVX in Lime Green

Polaris Sportsman/Outlaw 90

Available in Green(Sportsman),  
Blue & Pink

Yamaha Raptor 90 (MY 13)

Available in Blue & White

Honda TRX 90 x

Available in Red

✓ Arctic Cat Advantage 8

### Key Selling Points

- A great, all-around 2-up model with loads of value
- TRV 500 will take you and a passenger on an all-day ride comfortably and economically
- This model can be easily converted to accommodate loads needing an over-sized rack or box for loose material
- Liquid-cooled engine provides consistent power in all temperature conditions

### Key Advantage Points

- 10"/25cm of Travel Front and Rear Suspension Travel
- More Fuel Capacity
- 3 in 1 Rear Conversion: Seat, Rack or box
- 2"/5cm Receiver Hitch
- EFI for all-temperature performance

### Key Selling Points

- This all-around model offers all of the features expected in the largest retail segment
- Uncompromised suspension for all-day, all-terrain negotiating & ride comfort
- 3 models to choose from depending on features & price-points desired
- XT and Limited models have a digital-analog full-featured gauge
- EFI computer is integrated with power steering and instrument package providing system analysis
- XT and Limited Ride-In suspension with sway bar for softer suspension setting

### Key Advantage Points

- Simple to Operate
- Locking Front Differential
- Larger-Capacity Fuel Tank
- EFI
- 2"/5cm Receiver Hitch
- SpeedRack

✓ Arctic Cat Advantage 5

### Key Selling Points

- The ultimate ATV to meet your high power requirements
- Smooth running V-twin with EFI gives exceptional acceleration
- Duramatic constant velocity transmission transfers the awesome power to the wheels, time after time
- Ride-in suspension with sway bar gives confidence inspiring performance thru twists & turns

### Key Advantage Points

- Maxxis Bighorn Tires
- 10" of Suspension Travel
- Large Capacity Fuel Tank
- 2" Receiver Hitch
- Rear SpeedRack Attachments

Fuel Capacity		8.8 gal/33L		Bed Box Dimensions (L x W x H)	
Box Capacity		300 lbs/136kg		Features	
Cargo System		Tie-down Hooks, Glove Box, Under seat Storage	✓	Lighting	
Electronic Power Steering		Standard, Quick Ratio		Instrumentation	
Body Paint		Yes		Arctic Cat Advantage	

### Key Selling Points

- High performance at its best
- Power, acceleration and a suspension that absorbs the worst bumps
- Great ergonomics for 2 people, EPS and tilt steering wheel make for a fun drive and comfortable ride
- 2W/4W, full lock front differential give you the traction needed for the toughest of rock climbs, challenging sand dunes or twisting trails
- EFI keeps the engine running at its peak potential in extreme cold, hot temperatures or altitude changes
- X Limited model features:
  - Full doors
  - Bead lock wheels
  - Special paint and graphics offer added style appeal and value
  - Equipped with Hard Top to keep the sun out, with simple to use quick attachment and removal
  - Elka Stage 5 shocks with Dual speed compression adjustment, rebound adjustment and spring preload adjustment
  - Front and Rear Aluminum Bumpers

### Key Advantage Points

- Industry Leading Suspension Travel
- Exoskeleton HSLA Tube Chassis
- LED Lighting Front and Rear
- Full Doors
- Full Hard Top
- 5 Link Rear Suspension
- Elka Stage 5 shocks with infinite amount of adjustment for the user
- Team Rapid Response Clutches
- ITP Blackwater Evolution Tires mounted on true Beadlock Wheels
