## SPEEDPOINT

### PROWLER SPEEDPOINT

Our Prowler SPEEDPoint™ system makes the work you do feel more like play. It allows the changing of any implement — from a cultivator to a landscape rake — in just minutes! That's precisely the kind of convenience Prowler SPEEDPoint gives you, without ever having to lock the rear suspension and sacrifice maneuverability under heavy payloads. Just back up to the Prowler SPEEDPoint attachment, hook it onto a 2-in. ball, connect the wiring harness and you're good to go. Raise and lower implements with the flick of a dash-mounted switch. Simple as that. No more grunting or groaning. It's almost like this whole business of hard work just became fun again. NOTE: Prowler SPEEDPoint requires a 12-volt Electric/Hydraulic Actuator (1436-269, sold separately) for implement adjustment. The actuator is easily removed with two pins and a wire connection and transfers to all Prowler SPEEDPoint attachments. Switch & Harness Kit required (1436-823).

### CULTIVATOR

13 adjustable/removable, durable S tines on three rows. Tines vibrate under use to self-clean. Easy-adjust turnbuckle depth control. Retracting transport arms have dual tires that pivot with terrain for excellent flotation. 10 adjustable hitch height positions. Optional spring-tension Cultivator/Harrow Attachment (1436-268). 84-in. width. 360 lbs. Electric/Hydraulic Actuator (1436-269) not included.

## ACX 0W-40 SYNTHETIC OIL

All-weather protection. Advanced multigrade formula. Improved cold-weather starting. Superior rust and corrosion protection even during periods of nonuse. Offers maximum engine performance along with unique shear-stable additive formula that protects against engine wear, carbon buildup and sludge formation. 0W-40 is Wet Clutch Certified for use in Arctic Cat wet-clutch engines. Automotive engine oils DO NOT meet the requirements for use in Arctic Cat ATVs equipped with a wet clutch.

## ACX 15W-50 SYNTHETIC OIL

Arctic Cat's Full Synthetic 15W-50 is a heavier-viscosity formula of the original, proven Synthetic ACX 4-Cycle oil. Formulated specifically for hot-weather use in Wildcat, Prowler and ATVs, it provides ultimate hot-temperature engine protection and prevents thermal breakdown in severe conditions. Can also be used in professional applications such as racing, construction, farm and ranch where the machine faces heavier loads and greater engine stress. NOTE: Not recommended for use in ambient temperatures below 32°F — heavier viscosity will make starting more difficult in extreme cold. Original Synthetic ACX (0W-40) engine oil recommended for all-season use.

## OIL & CARE

Two oils deliver performance and protection. In our ACX line, our 15W-50 weight is specifically designed for hot-weather use in our vehicles, while our 0W-40 ACX gives improved cold-weather starting. Both ensure maximum performance for each specific condition and are the most advanced formulation ever developed for your Arctic Cat ATV, Prowler and Wildcat. Premium synthetic base stocks deliver consistent lubrication in all conditions, plus superior rust and corrosion protection even during periods of nonuse. Improved cold-weather starting and optimum protection at extreme operating temperatures, from frigid cold to desert heat. 15 times more shear stable than standard engine oils for greater resistance to thermal and chemical breakdown.

\*\*Consumers purchasing a new Arctic Cat ATV or Side by Side have the option to include any of the 2015 Arctic Cat garments and/or accessories in this catalog into the purchase price and will earn the retail financing promotion offered on the new Arctic Cat ATV or Side by Side at time of purchase. See dealer for details. Financing programs are offered by Sheffield Financial, a Division of Branch Banking and Trust Company, Member FDIC. Subject to credit approval. Approval, and any rates and terms provided, are based on creditworthiness. Other financing offers are available. See your local dealer for details. Rate advertised is based on minimum bureau risk score of 660 and debt-to-income ratio of 45% or less. Minimum Amount Financed \$700; Maximum Amount Financed \$50,000. Other qualifications and restrictions may apply. An origination fee of \$50 will be added to the amount financed. Financing promotions void where prohibited. Offer effective on eligible Arctic Cat ATV and Side by Side garments and/or accessories financed with a qualifying purchase on all new and unused 2010-2015 Arctic Cat ATVs and Side by Sides, excluding rental and special service units purchased from a participating U.S. Arctic Cat dealer between 9/1/2014 and 8/31/2015. Offer subject to change without notice.

All specifications, claims, prices and information contained within are based upon current knowledge as of September 1, 2014, and are subject to change without notice. Prices do not include freight, handling or setup charges. ATVs and ROVs can be hazardous to operate. Improper use can cause severe injury or death. Each rider must wear a seat belt (on ROVs), an approved helmet, eye protection and protective clothing; use handholds/steering wheel and stay completely inside the vehicle. ROV operators must have a valid driver's license (no operators under age 16) and all riders must be able to sit with their back against the seat, feet flat on the floor and hands on handholds/steering wheel. Each rider must read and understand the operator's manual before riding. Follow all instructions and warnings. Avoid abrupt maneuvers, paved surfaces, hard acceleration when turning, and sidehilling; slow down before entering a turn. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. Never carry a passenger in the cargo box or exceed seating capacity on an ROV; never carry a passenger on a single-rider ATV. **ATVs are recommended only for users over 12 years old. Only ride an ATV that is right for your age. Supervise riders younger than 16.** Never operate on public roads unless designated for off-highway vehicle access - collisions with cars and trucks can occur. Never drive or ride under influence of alcohol or drugs. Do not shoot from or lean firearms or bows against the ATV or ROV. Arctic Cat recommends that all riders take a training course. For safety or training information in the U.S., call the ATV Safety Institute at (800) 887-2887. In Canada, please contact the Canada Safety Council at (613) 739-1535 or see your dealer. For ROV training visit <http://rohva.org>. Along with concerned conservationists everywhere, Arctic Cat urges you to "Tread Lightly" on public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when riding.
