PARTS, ACCESSORIES & CLOTHING PRICING BULLETIN

Dear Dealer,

The price increase announced on 1 September was not put in place.

We are now in a position where the increased costs and continuing devaluation of the Australian dollar has forced us to put the price increase in place. Parts, accessories and clothing pricing will now increase by an average of 20%.

New pricing will be effective from **Monday January 25th 2016**

Note: all backorders released after this date will be at the new pricing.

For more information on pre-price increase stock/back orders or to place orders please contact:
